

## Frequently Asked Questions

### How many capsules do I need to take?

Simply take only 1 capsule per day.

### How long will each bottle last?

Each bottle will last 60 days (or 2 months).

### Why can't I buy Macutec Once Daily in a Pharmacy or other retail outlets?

Our goal is to keep the cost to customers as low as possible. Knowing many of our consumers are on pensions or fixed incomes we made a conscious decision to make Macutec Once Daily available direct to save you money by avoiding retailer margins.

### How much does it cost each day?

Each bottle costs £29.95. Standard delivery is free for orders of 3 or more bottles, and £4.95 for orders of 1 or 2 bottles. So if you order 1 bottle it will cost you £0.58/day. By ordering 3 or more bottles will reduce daily cost to under £0.50/day).

### I don't have a credit card to pay

That's fine. If you are unable to pay by credit card, please call us to discuss other options.

### How is Macutec Once Daily delivered in the UK?

When you order with us directly, deliveries will be made to your nominated address by Royal Mail services (tracked with no signature required). Delivery times will typically be 2 – 4 days, however next day express services are available for an additional fee if required.

### Do I need to take Macutec Once Daily with food?

There is no need to take it with food but some people prefer to take it on a full stomach.

### What happens when I am running out?

When our database shows that you may be running low on Macutec Once Daily you will receive a courtesy reminder email, or a reminder phone call. For added convenience you can ask for a standing order to be put in place so you automatically receive them according to the delivery schedule you want.

## Macutec™ Once Daily

Macutec Once Daily is based on the world's most definitive research into eye health published in 2013.

The research investigated over 4,000 participants over many years. The trial was conducted by the National Eye Institute (NEI) in the United States.

The research used a supplement containing lutein and zeaxanthin together antioxidant nutrients, Vitamins C, E and Zinc, which contribute to the protection of cells from oxidative stress and may help defend against free radical damage in the eye.

Macutec Once Daily is based on these findings. It contains ALL ingredients recommended by the scientific investigators, in a convenient ONCE DAILY capsule. It is made in Australia and uses the exact premium quality FloraGLO\* Lutein and Optisharp\* Zeaxanthin from the same companies who supplied the research study.

## Macutec™ Once Daily - Quality you can trust.

Macutec Once Daily has been developed with significant input from leading professionals around the world.

Macutec Once Daily is a formulation of natural ingredients made in Australia to the pharmaceutical standard of Good Manufacturing Practice.

Macutec Once Daily gives people the ideal way to access a high quality product at an affordable price. Each bottle contains 60 easy to swallow softgel capsules. Each bottle lasts for 2 months - providing great value.

Save money from not paying a retail mark-up by ordering direct from Stiltec Global (UK) – the manufacturer.

## The Macutec™ Once Daily Formulation

Ingredient	Per capsule	
Ascorbic acid (Vitamin C)	500 mg	625 %NRV
dl-alpha Tocopheryl Acetate (Vitamin E 400IU)	268 mg	2233% NRV

## Amsler Grid

Please keep test in a convenient place where you can look at it daily.

## DIRECTIONS:

1. Wear the glasses or contacts you normally wear for reading (if applicable)
2. View the grid at reading distance (approximately 30cm or 12 inches) in a well lit room
3. Cover one eye with your hand and focus on the black dot in the centre with your uncovered eye
4. Repeat with the other eye
5. If the gridlines appear wavy, broken, distorted, blurred or missing patches consult your ophthalmologist or optometrist immediately
