 GIVE VISION

TESTED BY USERS FROM 8 TO 100 YEARS OLD!
RECOMMENDED BY CLINICIANS

“These goggles have made me excited to discover something new everyday.”

John, 45, Glaucoma

For the first time whilst using SightPlus I have been able to see things clearly that I have not been able to see before such as people's faces, read documents and newspaper

Andrew, 53, Diabetic Retinopathy

“The fact that I can now change the channel from across the room & can read food labels is wonderful.”

Anita, 68, Macular Degeneration

Sign up on our website to book a testing session!
After a successful testing, take it home for 2 weeks for free!
