

**Hillingdon Hospital Consulting Rooms** are in the front of the hospital on the main road between the two NHS entrances, best to park in the main car park. This is the general private outpatients and where Mr. Lee sees people on Tuesday afternoons.

**The Hillingdon Hospital NHS Dept** is on the First floor of the main outpatients (the side by accident and emergency department) Best to Park in the Maternity Car park. This is where Mr. Lee usually does procedures like Lasers. This is where his Monday evening clinic is situated.

There are over a 1000 spaces of parking at the hospital but it can be busy at peak times of mid morning and mid afternoon, other times such as evening is empty. However as many eye patients have their eyes dilated, you should not drive yourself to the appointment. If you do come by car with some one else driving, they can drop you off at the main entrance and then park.

### **By Bus**

The following buses stop at Hillingdon Hospital:

- U1: (Ruislip - Uxbridge Station - Hillingdon Hospital)
