The screenshot shows the OCL VISION website. At the top, there is a navigation menu with the following items: Procedures, Conditions, Consultants, About us, Locations, FAQ, Prices & finance, Contact us, Refer your patient. Below the menu, there is a section titled 'Access' with a sub-heading 'BY CAR'. The text under 'BY CAR' states: 'On-street meter parking is available at several locations surrounding the Central London clinic. The closest underground parking places to the Harley Street clinic are [Q-Park Harley Street](#) and [NCP London Harley Street](#), within two and ten minutes walk away from Oxford Street and Regent Street.' Below this, there is a sub-heading 'BY PUBLIC TRANSPORT'. The text under 'BY PUBLIC TRANSPORT' states: 'Nearest underground stations: Bond Street or Oxford Circus. Other underground stations within walking distance from our London laser eye surgery clinic: Regent's Park (10-minute walk) and Great Portland Street (13-minute walk).' To the right of the text is a map showing the location of OCL Vision at 55 New Cavendish St, London W1G 9TF. The map includes various landmarks such as the British Museum, the Wallace Collection, and the National Gallery.
